Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS	THINKS
"I am so stressed out, I don't even know where to start." "I feel like I have nobody to talk to at this time of night." "Professional therapy is just too expensive for me right now."	"Is there something wrong with me for feeling this overwhelmed?" "I really wish I had a safe space to vent without being judged." "I don't want to burden my friends or family with my problems."
ALEX <i>(Overwhelmed Student /</i>	

DOES

- Scrolls mindlessly on social media late at night trying to distract themselves.
- Keeps their feelings bottled up instead of reaching out to loved ones.
- Searches online for quick stress-relief tips or anonymous forums.

FEELS

- Anxious and overwhelmed by daily responsibilities.
- Isolated, lonely, and misunderstood.
- Mentally exhausted but unable to relax.
